STRATA AP GS

ARCHITECTURE & ENGINEERING

CAPABILITY STATEMENT

STRATA AP Government Services (GS) provides complete A&E design services to federal construction contractors, government agencies (GSA) and the United States Armed Forces on vertical & horizontal construction projects.

Knowing that each project is unique, STRATA AP GS brings the expertise required to complete a project that reduces design schedules and project costs and full design collaboration with our construction partners.

Since 2010 STRATA AP GS has been the design professional on more than 75 federal projects ranging from utility infrastructure, medical clinics, SCIFS, flight operations, fire protection systems & hangers, & tenant improvements.

With 20+ design staff members we can take on all types and sizes of projects.
